<http://www.orbisresearch.com/contacts/request-sample/276240>

Industry vertical coverage for each ASEAN country includes:

- Agriculture
- Automotive & Transportation
- Building Automation
- Consumer Electronics
- Education
- Financial Institution
- Government and Military
- Healthcare
- Industrial/Manufacturing
- Logistics Sector
- Oil & Gas and Mining
- Retail
- Security & Surveillance
- Smart City
- Telecommunication & IT

This research provides an analysis of overall IoT marketplace including drivers and opportunities. The report focuses primarily on assessing the market outlook and forecast for IoT in ASEAN countries for the 2017 to 2022 period. All purchases of Mind Commerce reports includes time with an expert analyst who will help you link key findings in the report to the business issues you're addressing. This needs to be used within three months of purchasing the report.

Target Audience:

Network services companies
IoT solution and apps providers
Systems integration companies
Datacenter and Cloud providers
Network infrastructure providers
Enterprise companies of all types
Government and NGO organizations

Major Points From Table Of Contents:

Executive Summary
Introduction
IoT Market Progress and Impact Analysis
IoT Market and Ecosystem Analysis
ASEAN IoT Solution Market 2017 – 2022
ASEAN IoT Connected Device & Things 2017 – 2022

About Us:

Orbis Research (orbisresearch.com) is a single point aid for all your market research requirements. We have vast database of reports from the leading publishers and authors across the globe. We specialize in delivering customized reports as per the requirements of our clients. We have complete information about our publishers and hence are sure about the accuracy of the industries and verticals of their specialization. This helps our clients to map their needs and we produce the perfect required market research study for our clients.
