Covered in this report

The report covers the present scenario and the growth prospects of the global UAV flight training and simulation market for 2017-2021. To calculate the market size, the report considers the revenue generated from UAV flight training and simulation during the forecast period.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

The report, Global UAV Flight Training and Simulation Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- CAE
- Israel Aerospace Industries
- L-3 Link Simulation & Training
- Selex
- Simlat

Other prominent vendors

- BAE Systems
- Northrop Grumman
- Textron Systems
- Thales Training & Simulation

Market driver

- Growing need for UAV flight simulation
- For a full, detailed list, view our report

Market challenge

- Complexities in decision making and regulations
- For a full, detailed list, view our report

Market trend

- 3D simulation provisions for UAV training
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table Of Contents – Major Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Key market highlights

PART 05: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

PART 06: Market segmentation by type

- Segmentation by UAV type

- Global UAV flight training and simulation market for HALE UAVs
- Global UAV flight training and simulation market for MALE UAVs
- Global UAV flight training and simulation market for SUAVs
- PART 07: Market segmentation by application
- Market size and forecast

PART 08: Geographical segmentation

- Segmentation by geography
- UAV flight training and simulation market in Americas
- UAV flight training and simulation market in EMEA
- UAV flight training and simulation market in APAC

PART 09: Market drivers

- Growing need for UAV flight simulation
- Implementation of new technologies
- Growing development of high-performance UAVs

PART 10: Impact of drivers

PART 11: Market challenges

- Growing emphasis on fully automated UAVs
- Limited forward field-of-view
- Complexities in decision making and regulations
