

New Jersey Mesothelioma Center Now Urges a Carpenter in New Jersey with Mesothelioma to Call Them for Direct Access to The Nation's Most Capable Attorneys for Better Compensation

NEW YORK, NEW YORK, USA, May 19, 2017 /EINPresswire.com/ -- The New Jersey Mesothelioma Victims Center says, "We are urging a carpenter, an electrician, welder, a millwright or an insulator who has recently been diagnosed with mesothelioma in New Jersey to call us anytime at 800-714-0303 for direct access to some of the nation's most skilled and experienced attorneys who do get better financial compensation results. We also want to emphasize the extremely capable mesothelioma attorneys we suggest can drive to a person with this rare cancer in New Jersey within a day because they are based in New York city.

"If a recently diagnosed person in New Jersey wants to receive the best possible financial compensation it is absolutely vital a very skilled and capable fulltime mesothelioma attorney talks face to face with them about how they were exposed to asbestos. This face to face conversation takes place in the home of the diagnosed person and the attorneys do not get paid unless there is a financial settlement. The mesothelioma attorney house call is free and there is no obligation to hire them.

"We literally are offering on the spot access to some of the nation's top attorneys who really do get the best possible financial compensation for their clients as we would like to discuss anytime at 800-714-0303-especially if we are talking about a carpenter, construction worker or a skilled trades worker in New Jersey. Recently the lawyers we suggest obtained a \$2,500,000 mesothelioma compensation settlement for a carpenter/construction worker in New Jersey."

According to the CDC, the states indicated with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon.

High-risk work groups for exposure to asbestos in New Jersey include US Navy Veterans, power plant workers, oil refinery workers, manufacturing or industrial workers, chemical plant workers, plumbers, electricians, auto mechanics, machinists, mill workers, printers, welders, boiler technicians, or construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's or 1980's.

The New Jersey Mesothelioma Victims Center says, “Our services for people with mesothelioma in New Jersey are designed to make certain they get the best possible compensation, and the attorneys

we suggest have New Jersey references, as we would like to explain anytime at 800-714-0303." <http://NewJersey.MesotheliomaVictimsCenter.Com>
