I am so inspired by the passion and vision that the AFFIRMATIVhealth team has for providing hope for dementia and Alzheimer's disease prevention and treatment and I am thrilled to be part of it."

Allison McKeany

FOR IMMEDIATE RELEASE

AFFIRMATIVhealth Announces New Director of Participant Success

April 12, 2017 Novato/Sonoma, CA Sonoma based AFFIRMATIVhealth, PLLC (<http://www.affirmativhealth.com>), presenters of RE:mind, a science and lifestyle-based program created to improve brain health for the millions impacted by Alzheimer's or dementia, today announced the

appointment of Allison McKeany, MS, RD, as the Director of Participant Success.

Formerly a key leader at Sonoma Valley Hospital (SVH), Allison worked with individuals, groups, and community members to improve health, manage nutrition-related medical conditions, and prevent chronic disease. During her time with SVH, Allison developed and managed the Outpatient Nutrition Program. She served as a Clinical Nutrition Coordinator which oversaw inpatient nutrition care. Allison also provided nutrition education and oversight for the Bariatric Surgery Program, initiated the 'Sweet Success' gestational diabetes program, and was involved in the SVH employee wellness program.

Since 2015, Allison McKeany has served as a consultant for AFFIRMATIVhealth's [RE:mind program](#). In her new role, Allison will oversee diet and nutritional protocol development and follow-on coaching programs. Allison's approach to healthy eating is one that is realistic, sustainable, and enjoyable. Her personalized approach to nutrition ensures each RE:mind participant is set up for success on their quest for cognitive wellness in the battle against dementia.

Regarding the announcement of her new position, Allison stated, "I am thrilled to be able to devote my full attention to continuing to develop the RE:mind program and to work with patients and their

families to help them improve their cognitive health. I am so inspired by the passion and vision that the AFFIRMATIVhealth team has for providing hope for dementia and Alzheimer's disease prevention and treatment and I am thrilled to be part of it. I hope that someday the philosophy of our program becomes the norm, as I truly believe that health, wellness, and prevention involves the multidimensional approach that AFFIRMATIVhealth's RE:mind Program offers."

About AFFIRMATIVhealth: AFFIRMATIVhealth is passionate about bringing education, wellness, and hope to those who are affected by Alzheimer's disease and other cognitive disorders. We seek to bring the latest health-conscious science to those with early stage cognitive decline or genetic predispositions for these disorders. We do this by educating and supporting these individuals, utilizing the most recent scientific knowledge on diet, lifestyle and other key factors for maximizing brain health and fighting the effects of neurodegenerative diseases.
