

Global Wet Waste Management Market 2017 Share, Trend, Segmentation and Forecast to 2022

Wet Waste Management -Market Demand, Growth, Opportunities and Analysis of Top Key Player Forecast To 2022

PUNE , MAHARASHTRA, INDIA, May 9, 2017 /EINPresswire.com/ -- [Wet Waste Management Industry](https://www.einpresswire.com/sample-request/1184352-wet-waste-management-global-market-outlook-2016-2022)

Description

Wiseguyreports.Com Adds “Wet Waste Management -Market Demand, Growth, Opportunities and Analysis of Top Key Player Forecast To 2022” To Its Research Database

According to Statistics MRC, the Global Wet Waste Management Market is accounted for \$89.65 billion in 2016 and is expected to reach \$132.53 billion by 2022 growing at a CAGR of 6.7% from 2016 to 2022. The growth of the market is propelled by growing metropolitan population, rise in awareness programs for waste management and expanding waste-to-energy solutions. Furthermore, strict regulations by regional bodies such as European Commission and EPA are anticipated to drive the demand for the market over the forecast period. However, lack of knowledge and very few treatment plants are some factors inhibiting the market growth. Moreover, need for landfill sites is another factor presumed to challenge industry growth.

By service, processing segment is anticipated to be the fastest growing market during the forecast period due to increasing population, rising waste generation and management services. By geography, North America is anticipated to grow at a highest growth rate during the forecast period owing to generation of huge waste from healthcare, industrial and commercial sectors.
