

New and Improved Viking Ranges Now on Sale at Appliances Connection for 10% Back!

BROOKLYN, NEW YORK, UNITED STATES, May 9, 2017

/EINPresswire.com/ -- Viking has long been a luxury kitchen appliance brand that manufactures professionally inspired ranges, ovens, refrigerators, range hoods, and other major appliances. The brand underwent a dramatic change a couple years ago and is now back and better than ever. What's more, from now until the end of the year (December 31st) Appliances Connection is sweetening the deal by giving shoppers [10% cash back via a mail-in rebate](#) on anything spent after the first \$10,000 on qualifying Viking appliances. We also have some great [Viking packages under \\$10,000](#) for an even more cost-effective option.

In 2013, Viking became a part of the Middleby Corporation family. Middleby is the world's largest commercial kitchen equipment manufacturer, and now their years of innovation and experience have been built into the beauty of Viking appliances. This means Viking appliances are much more reliable and much more powerful.

Viking offers luxury built-in kitchen products in all major categories. Some of the most popular qualifying products include the Viking VGIC53014BSS 30" Professional 5 Series Gas Range (<https://www.appliancesconnection.com/viking-vgic53014bss.html>) with several functional features like:

- Stainless steel open burners with porcelain/cast iron caps provide restaurant caliber performance.
- All burners range from 15,000 BTUs to a light VariSimmer™ setting.
- All burners equipped with the Viking SureSpark™ Ignition System for secure and reliable automatic re-ignition.
- The heavy-duty, porcelainized, cast-iron surface grates are removable for easy clean-up and ease-of-use because of the continuous front-to-rear, left-to-right movement provided by the grate design.
- Gourmet-Glo™ Infrared Broiler provides intense searing heat for broiling applications.
- A large-capacity convection oven with six rack positions.
- Six oven functions including: Natural Airflow Bake, Infrared Broil, Convection Dehydrate, and Convection Defrost.

The new Viking 5 Series ranges (<https://www.appliancesconnection.com/viking-5-ranges-b2316-90385-0-4156.221.html>) are all equipped with these powerful and convenient features. Additionally, Viking built-in refrigerators are available as undercounter drawer refrigerators, built-in counter-depth refrigerators, bottom freezer fridges and side-by-side fridges. The Viking VDUO5240DSS 24" Energy Star Rated Professional 5 Series Undercounter Drawer Refrigerator (<https://www.appliancesconnection.com/viking-vduo5240dss.html>) with a five-cubic foot capacity has a host of great features that make this compact appliance even more useful, like:

- Electronic controls to adjust the internal temperature in the 34-42 degrees Fahrenheit operating system.
- A 130 twelve ounce can capacity.
- Energy Star qualification, for long term cash return on the energy conservation capabilities.
- A TruFlush installation to ensure the built-in appliance fits seamlessly into your kitchen.
- A soft closing Close Door Assist System and the additional quiet operation feature of a 46 dBA rating.

Other great features on select Viking built-in refrigerators include:

- Robust DuraHinge hinges that allow for optimal door rotation and maximum durability.
 - A Plasmacluster Ion Air Purifier that never needs to be replaced and can clear the odors and bacteria in your fridge to keep your food tasting the way it should.
 - New SpillProof Plus shelves with nano technology that have an invisible barrier to contain spills in the fridge.
 - The Viking fridges also have the ProChill Temperature Management System with a variable speed DC Overdrive compressor and a maintenance-free Super Clog Resistant Condenser.
- Their modern internal update has led to total gutting and reengineering by the industry's leaders in Middleby. This is especially beneficial for consumers thinking of purchasing a Viking appliance because Middleby is a master of the professional realm in the culinary industry. This gives Viking insight into the best pro-features to include in their residential adaptations. This discount opportunity is ideal for those who want to invest in a reliable, high-end and high-quality culinary setup for Viking Ranges at the lowest prices on the market from [Appliances Connection](https://www.appliancesconnection.com).
