PUNE, INDIA , May 9, 2017 /EINPresswire.com/ -- [Global Drinks Packaging Market](#)

Retail sales of beverages are on the rise and will likely maintain this trend to 2020. This growth is primarily driven by health, on-the-go consumption and premium trends seen in the alcoholic, soft and hot drinks industries. Despite this, brand owners are still encouraged to innovate beyond pack type materials in order to boost the challenged performance in carbonates as well as demand for a greater consumer experience in slow-moving categories such as spirits and beer.
