

IT Governance announces the New York DFS Cybersecurity & ISO27001 training course schedule for 2017/18

WYOMING, UNITED STATES, May 11, 2017
/EINPresswire.com/ -- IT Governance Ltd, the leading international provider of accredited cyber security training courses, has announced its [official schedule](#) of Live Online NYDFS cybersecurity training courses for 2017/18.

To help financial organizations comply with New York State DFS's multi-faceted cybersecurity regulation, IT Governance has expanded its ISO 27001 Foundation and Lead Implementer courses to address all Part 500 compliance requirements

Alan Calder, the founder and executive chairman of IT Governance, said: "ISO 27001 provides a best-practice framework to help comply with the Regulation, and offers additional controls to ensure your organization is prepared to mitigate threats in the changing cybersecurity environment."

Our Live Online [New York DFS Cybersecurity Regulation & ISO 27001 Certified ISMS Foundation](#) course provides attendees with an introduction to ISO 27001 best practice and certification and an understanding of how to identify cyber crime risks, and clarifies how ISO 27001 controls align with the measures required for the NYDFS Cybersecurity Requirements.

The three-day New York DFS Cybersecurity Regulation & ISO27001 Certified ISMS Lead Implementer course has been designed to enable individuals to achieve the ISO27001 Certified ISMS Lead Implementer (CIS LI) qualification and is focused on the NYDFS Regulation. An experienced ISO 27001 trainer and consultant will guide you through nine steps to ISO 27001 success, explain how to align ISO 27001 with the NYDFS Regulation, and help you develop the skills required to achieve ISO 27001 compliance for your organization.

Each IT Governance training course has been developed to deliver defined learning objectives, and to provide the framework to support a progressive and integrated education program.

The courses also support professional development. Upon passing a course exam, attendees are awarded an industry-recognized IBITGQ accreditation certificate.
