

# Wu Luen Knitting Opens New Integrated Headquarters

*Expanded Factory Allows for Continued Growth and Innovation*

PI-TOU, CHANGHUA, TAIWAN, May 10, 2017 /EINPresswire.com/ -- [Wu Luen](#) Knitting Company, a major knitting, fabric development and dyeing company, has opened its doors to a modern, new manufacturing facility designed to accommodate the company's rapid growth and ongoing textile innovation.

The new Wu Luen facility, located in the Changhua County of Taiwan, is approximately 85,000 square feet/8,000 square meters. The facility consolidates the company's former spandex and rigid knitting mills, and allows for further expansion to accommodate advanced knitting and manufacturing equipment for production scale while maintaining a low carbon footprint.

Wu Luen Knitting's New Headquarters

Established in 1985, family-owned Wu Luen Knitting specializes in developing custom warp and circular knits for active sports apparel, footwear and accessories, swimwear, intimate apparel and industrial markets worldwide. As a fully vertical operation, the company also offers dyeing, laminating and printing capabilities – providing seamless efficiency, superior quality control, and quick turnaround times to leading international brand manufacturers. In addition to its fabric development and production capabilities, Wu Luen is known for its strong relationships with upstream and downstream suppliers, competitive pricing and flexible position on fabric minimums.

“

Our objective is to collaborate with our customers to consistently develop and deliver exceptional textiles that provide them with a competitive edge and stable growth.”

*Peter Wu, Chairman, Wu Luen Knitting Company*

“Our objective is to collaborate with our customers to consistently develop and deliver exceptional textiles that provide them with a competitive edge and stable growth,” said Peter Wu, Chairman, Wu Luen Knitting Company. “The new

facility optimizes our ability to anticipate customers' needs while offering a modern, comfortable environment for our employees to thrive.”

According to Wu Luen, the company employs approximately 600 people and is the largest warp knitter in Taiwan. In addition to the new knitting facility, Wu Luen owns and operates Sun Luen Dyeing

Factory located nearby. To better serve international manufacturing, customer service and delivery, Wu Luen has an office in Taipei and two working groups in Guang Dong Province of China and Dong Nai Province of Vietnam.

#### About Wu Luen Knitting Company

For over 30 years, Wu Luen has been developing and supplying innovative performance textiles to manufactures and leading-brand customers worldwide. Its mission is to become an essential solution provider to sportswear, swimwear and intimate apparel brands by manufacturing relevant high-quality and advanced performance fabrics at competitive prices – and will accomplish by building enduring relationships with key upstream value chain partners and making appropriate investments in equipment and people. Wu Luen is determined to meet these needs responsibly in the communities in which it operates; and is committed to continually reduce its impact on the environment while encouraging its partners and suppliers to collaborate on enhancing sustainability. Wu Luen Knitting Company is Oeko-Tex® certified and a bluesign® system partner. [www.wu-luen.com.tw](http://www.wu-luen.com.tw)
