#### What They Are Saying:

"Thank you for that amazing, magical experience!!! Every bit of it was wonderful. David' concerts are going to be a huge success! He is truly a master. It is his time! Every piece took me on a different journey. At times the music was jaunty, humorous, naively bold, sometime contemplative and withdrawn...all of it beautiful! It was ravishing! What a talent!!!!" C.A. Woodstock, NY

"David Sancious' Treehouse Concert was a much needed oasis of inspiration for me. The intimacy of the setting, David's heartfelt interaction with the audience, and the utterly transcendental space his music opens up made this a completely unforgettable experience for me. I did not want it to end. During these utterly crazy times on planet Earth, we all need these kinds of reprieves from density of daily life. We all need to plug into source of all inspiration, no matter what form it takes. David, quite simply, is the Pied Piper of keyboards -- a totally in-the-moment Master of letting music play him."
