The report, Global Military Exoskeleton Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Bionic Power
- General Atomics
- Lockheed Martin
- Raytheon
- Safran

Other prominent vendors

- 20 Knots Plus
- Revision Military
- SpringActive
- SRI International

Market driver

- Need for integrated soldier suits
- For a full, detailed list, view our report

Market challenge

- Lesser penetration in developing countries
- For a full, detailed list, view our report

Market trend

- Advent of soft and flexible suits
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?
