

# Action-Packed Gangster Strategy Game Crime Coast Unleashed on MacOS!

*Best-rated strategy game for Windows Phone arrives on Apple desktop.*

NOTTINGHAM, NOTTINGHAMSHIRE, UNITED KINGDOM, May 12, 2017 /EINPresswire.com/ -- Like any gangster kingpin knows, it's all about muscling in on new territory.

After a successful soft launch in December 2015 including a player feedback score of 4.9, Pixel Squad have launched Crime Coast on MacOS. Fully optimised for the platform, our strategy game has never looked this good.

Crime Coast on MacOS introduces a range of new features since the game first launched in June 2015, including an intuitive mafia planner, new single player missions, and more multiplayer options than you can shake a Molotov cocktail at. Crime Coast also boasts detailed city building mechanics, allowing the player to construct everything from junkyards to mansions.

Featuring a rich and vibrant sprite-based art style and innovative social gameplay which allows players to collaborate with one another - or rat them out to the cops

- Crime Coast takes tower defense gaming to new levels of chaos and destruction. Crime Coast has been featured in Best New Games in the Apple Store, the Microsoft App Store and was shortlisted as a finalist at the 2015 TIGA Games Industry Awards.

Pixel Squad CEO Will Mallouk said, "Crime Coast has proven to be as addictive as the blue chocolate featured in the game – we often wonder if our players find any time for sleep!"

One player suggested the game should come with a health warning, saying in their review on Windows Store, "I just left my girlfriend on behalf of the most Addictive Game in my Life!!! Plz don't try this!!!"\*

Crime Coast is free to play and available now on MacOS:
