

Global Batteries Market Outlook and key Players_ Exide Technologies, Douglas Battery, East Penn Manufacturing Co

Batteries Market Information by Battery Type (Lead acid, Lithium ion, Nickel metal hydride), by Application (Two/Three Wheeler) and by Region - Forecast to 2022

PUNE, MAHARASHTRA, INDIA, May 12, 2017 /EINPresswire.com/ -- Market Scenario

Batteries are a device that provides the electric energy to automobiles for starting, lighting and ignition. Rising the demand of hybrid, semi-hybrid and fully electric vehicles will drive the global battery market. Also adoption rate of these batteries in passenger vehicle is increasing which will drive this market. However, safety issues related to battery usage may hamper the growth of global battery market. Thus the Batteries System market is expected to register a CAGR of about 4%.

Market Segmentation

[Global Batteries Market](#) Segmented on the basis of

By Battery Type

- Lead acid
- Lithium ion
- Nickel metal hydride
- Nickel cadmium

By Application

- Two/Three Wheelers
- Electric Cars
- Heavy Vehicles

By Regions

- North America
- South America
- Europe
- Asia-Pacific
- Middle East & Africa

Study Objectives of [Batteries Market](#)

- To provide detailed analysis of the market structure along with forecast for the next 5 years of the

various segments and sub-segments of the Global Batteries Market

- To provide insights about factors affecting the market growth
- To Analyze the Global Batteries Market based on various factors such as supply chain analysis, and Porter's five force analysis
- To provide historical and forecast revenue of the market segments and sub-segments with respect to regions and their respective key countries
- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segments by Battery Type, and Application,
- To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market
- To track and analyze competitive developments such as joint ventures, strategic alliances, merger and acquisitions, new product developments, and research and developments in the Global Batteries Market.

Key Players

The leading players in the Batteries market are

- Exide Technologies
- Douglas Battery
- East Penn Manufacturing Co.
- Johnson Controls Inc.
- The Furukawa Battery Co. Ltd
- Zhejiang Haijiu Battery Co. Ltd
- Chaowei Power Holding Ltd
- Camel Group
- Fengfan Co. Ltd

Intended Audience

- Batteries manufacturers
- Distributer & Supplier companies
- Automotive Manufacturers
- Consultants and Investment bankers
- Government as well as Independent Regulatory Authorities

Regional Analysis of Batteries Market

North America region dominates the global Batteries market, because increasing eco-friendly initiatives & raising the production of technologically advanced vehicles. This region will grow at good

pace during the forecast period. Asia-Pacific region will show a significant growth during the forecast period. Factors like rising the disposable income and rising the demand of commercial & passenger vehicles, will drive the global batteries market.

Geographic Analysis

- Geographical analysis across 21 countries

Company Information

- Profiling of key market players
- SWOT analysis, and strategy information of top five profile players in the report
- Competitive landscape including emerging trends adopted by major companies
