The Center fears that many Navy Veterans with mesothelioma or their loved ones confuse VA disability payments with a lump sum settlement or settlements for mesothelioma. A VA monthly disability payment for mesothelioma may be around \$1100 per month. A financial compensation settlement that is achieved by the Veteran's mesothelioma attorneys could easily be in the hundreds of thousands of dollars or much more. The variable is how much exposure to asbestos did the Navy Veteran have during their time in the navy or after the navy. After the navy could include a job in a factory, a power plant, a public utility or as a skilled trades worker.

The Minnesota Mesothelioma Victims Center is not a law firm, their services are free and their number one goal is making certain that a person with mesothelioma in Minnesota receives the very best possible financial compensation settlement. If they had one vital piece of advice for a Navy Veteran or anyone in Minnesota with mesothelioma it would be, "Call us a 800-714-0303 for the peace of mind in knowing you are talking directly with some of the nation's premier mesothelioma compensation lawyers as opposed to a local car accident lawyer. When it comes to obtaining the best possible mesothelioma compensation the skill of the lawyer does matter."
