

# Bishop Lifting Services Tops List of Lifting Equipment Suppliers in UK

*Bishop Lifting Services is proud to announce that they secured top ranking in the list of best lifting equipment suppliers in the UK.*

CARDIFF, WALES, UNITED KINGDOM, May 16, 2017 /EINPresswire.com/ -- Maintaining their passion and legacy from past 33 years, they successfully positioned themselves in this chart. The company stocks products such as hoisting, rigging, materials handling and height safety equipment.

With innovative designs and additional premium features embedded into each category of product, Bishop is a full LEEA member, performs rigorous LOLER inspections and conducts equipment hire, testing and repair services.

The company has earned strong reputation in the lifting industry for holding varied weight of loads as per the type of location wherever it is to be used. This equipment range has a major use in different application areas like construction, transportation, logistics, heavy-duty loading and related lifting operations.

[Lifting gear hire](#) is the prominent category of Bishop Lifting Services where the businesses has the ease to buy customized items for multiple tasks from Bishop's online store. Ideal for industrial usage, user-friendly and light in weight, the company is the perfect place to buy a wide variety of multi-purpose lifting gear.

Hoisting devices are the major lifting device type where the company deals in. The high-quality hoists and related equipment such as lifting slings, [lifting clamps](#), trolleys, and many more are in the stock. The lowering or lifting of a load is quite easy with these products that can be operated manually or electrically.

The performance of the company can be understood better by the words of CEO who stated,

“At Bishop Lifting Services, we ensure flawless results by delivering the top-notch services for different application areas. The entire equipment range that we carry is fully compliant with the relevant EN standards and thoroughly inspected for safe loading. The ultimate motto is to ensure safety of equipment, worker and workplace altogether.”

Customers from different application areas praise extensive assortment of Bishop's Materials Handling and Height Safety Equipment. This range includes [Machine Moving Skates](#), Pallet Trucks, Anchor Points, Lifelines, etc. These devices are perfect when you are working at height or need to handle different materials for specific locations.

Lashing, rigging and hardware is yet another lifting equipment category that counts for devices like Eyebolts, Carabines, Snatch blocks, Swivels, and likewise. The complete set of Bishop's store comprises the reliable and feature-rich equipment conform industry standards.

The well-trained engineers at the company have a great level of technical expertise to deliver certified and globally standardized products. With bespoke lifting solutions, the Bishop's online store supplies are considered most-suited products at the best prices in the market.

The repairing and inspection are the areas where proper monitoring is conducted under the supervision of experts. The inspection is made at different occasions, during each usage, before and after every use and also at regular intervals to assure no risk will remain.

The dedication, passion and out of the box skills of the professional team makes Bishop a leading name in the lifting industry and take it to the place of the best lifting equipment supplier in the UK. There are plenty of benefits that Bishop Lifting Services offers to you by bringing value to money for the worldwide clientele. Their USP is to attain the highest level of customer satisfaction by delivering flawless results.
