

Enteral Stents Market Size, Share, Trends, Analysis, Report and Forecast to 2022

According to Statistics MRC, the Global Enteral Stents market is estimated at \$XX million in 2016.

GAITHERSBURG, MARYLAND, US, May 16, 2017 /EINPresswire.com/ --

According to Statistics MRC, the Global Enteral Stents market is estimated at \$XX million in 2016 and is expected to reach \$XX million by 2022 growing at a CAGR of XX% from 2016 to 2022.

Increasing usage in gastrointestinal surgeries and technological advancements in manufacturing are some of the key prominent drivers fueling the market growth. Stringent government regulations and various infections through stents are the factors hindering the market. North America accounted for the highest market share as compared to other regions owing to the rise in cancer cases in this region. The Asia Pacific region is expected to grow at a higher CAGR and is anticipated to account for the highest market share during forecast period because of increase in healthcare expenditure.
