CASINO PARTY IDEAS FOR GUARANTEED FUN

No casino night is complete without a friendly game of poker, foods, beverages, and music. However, these aren't the only aspects of your party you should pay mind to. Starting with the invitations, get your party started off right with the following tips and ideas.

Pre-Planning Your Casino Party

In getting the party planning process started, there's always a few things to consider. First, you'll need to set a budget for yourself, as what you include at the party will heavily depend on how much you want to spend.

Next, start creating your guest list. With your budget in mind, pick the perfect amount of guests for not only your budget, but how much room you have at home as well (or wherever you're planning). If you're seeking a venue, start looking early so you can reserve the one you want at a reasonable rate. Set the date and get ready to start planning! Of course, you'll need to create invitations. You can

always do an e-vite, but you can also send personalized invitations to each guest's home.

Determining Details

Now comes the fun part. Once you've set the location and date, you can start planning on what to include at your party, and making the necessary arrangements. Be sure to cover the following:

Refreshments: From finger foods to cocktails, decide what you want to serve at the party. For the most part, light foods are always a great way to go, such as veggie platters and some treats. You can even consider a martini bar for drinks.
Games: Of course, the games are the most important part of the night. Popular casino games like poker and blackjack are always a good choice.

Tables: Unless you have your own, like our premium poker tables, you'll need to rent some for the casino party. Search online for local rentals and ensure you have enough for all the guests.

Dealers: Along with the table, you'll also need to hire dealers for the night. This ultimately adds to the feel of the night, and the dealers can help explain anything necessary to beginners.

Party Favors: Lastly, send your guests home with something to remember the night. Custom made poker chips are a great choice, and you can even create personalized sets here at Custom Made Casino.

Additional Casino Party Ideas

While the tips above will help you plan the perfect casino night with your friends or coworkers, there's still plenty you can add in to enhance the party. Take a look below for some additional ideas:

Decorations are a great way to add to the effect and feel of a casino. Add lights and lay out the tables to best reflect a real casino.

Have fun with the money. Since casino nights are all about fun, print off your own fake money. You can use faces of the guests to make fake bills, which are sure to get a good laugh. Plus, they'll serve as a unique keepsake.

Add a comical touch to game play. For instance, you could make giant dice for the table. Consider a dress code. Maintaining a theme keeps the party interesting.

START PLANNING AND CREATE YOUR CHIPS TODAY

As you prepare for your casino party, consider giving each of your guests a personalized gift to take home, like custom poker chips. Of course, you can also print custom chips for your business (if it's a work party), or create them around a central theme. Whatever you prefer, the choice is yours!
