

IT Governance announces IISP accreditation for its Certified EU GDPR Foundation and Practitioner training courses

ELY, CAMBRIDGESHIRE, UNITED KINGDOM, May 22, 2017 /EINPresswire.com/ -- IT Governance, the leading provider of data protection solutions and expertise, is delighted to announce IISP accreditation for the Certified EU General Data Protection Regulation (GDPR) Foundation and Practitioner training courses.

The IISP's Accredited Training Scheme assesses training courses against the IISP's Skills Framework. The accreditation means that the Certified EU GDPR Foundation and Practitioner training course materials and content have been assessed as meeting the stated objectives of the course.

Furthermore, the IISP has verified that the courses' contents meet the competency levels of the Skills Framework. While the GDPR Foundation training course has received Level 1 accreditation, which mean the course imparts knowledge, the GDPR Practitioner training course received Level 2 accreditation, proving that it imparts knowledge and reinforces knowledge through practical content.

Alan Calder, the founder and executive chairman of IT Governance, confirmed: "We're delighted to announce the IISP accreditation for our GDPR Foundation and Practitioner training courses and qualifications. The accreditation proves that IT Governance continues to set the pace for EU GDPR training and qualifications."

The [Certified EU GDPR Foundation training course](#) is designed to provide delegates with a comprehensive understanding of the Regulation. The [Certified EU GDPR Practitioner training course](#), meanwhile, focuses on equipping delegates with the knowledge and practical skills to manage and achieve compliance with the GDPR.

IT Governance supports professional development: delegates who pass the course exam are awarded an ISO 17024-accredited qualification (EU GDPR Foundation or Practitioner).
