*A moving tribute to The People's Princess upon the 20th anniversary of her passing.*

LONDON, UNITED KINGDOM, May 24, 2017 /EINPresswire.com/ -- On 31 August 1997, Diana, Princess of Wales, died as a result of injuries sustained in a car crash in the Pont de l'Alma road tunnel in Paris. It was a tragic event that stunned the whole world, but her legacy lives on, in the many worthy charities she supported, and in the shape of her two caring sons who are a real credit to her.

The 20th anniversary of the death of Diana, Princess of Wales, is to be marked by a year-long celebration of her qualities of kindness, compassion and service.

Earl Spencer, Diana's brother, will be involved in the events honouring his sister's legacy, and a statue of Princess Diana has been commissioned by the Duke of Cambridge and Prince Harry. The sculpture will be erected in the public grounds of her former residence, Kensington Palace.

Here at Royal Life we are proud to be involved in these commemorations by publishing a very special edition of our magazine totally dedicated to Princess Diana's memory.

Diana looks at the life of Diana Spencer, from her childhood in Norfolk to her fairytale romance with Prince Charles that culminated in their spectacular wedding at St Paul's Cathedral and the birth of sons Prince William and Prince Harry.
