“I'm honored to be partnering with Wilshire + Cooper on this initiative supporting Baby2Baby, an organization I greatly admire and which has shown immense dedication to serving underprivileged children, in need of the simple necessities that no one should ever have to go without. As a mother of two, I'm particularly sensitive to these topics, as I believe that all children should be provided the basic comforts that they deserve, such as diapers, food, and clean clothing. I hope that this initiative might inspire others, so that in time, children worldwide, one by one, might have the opportunities and essentials that every child should have access to,” said Margherita Maccapani Missoni Amos.

Designed to encourage children to embrace their own artistic natures through clothing, Margherita Kids offers an assortment of charming and distinctive styles including dresses, tops, bottoms and outerwear that can be easily mixed and matched to create a wide range of playful outfits.

Baby2Baby is a national non-profit organization with a mission to provide low-income children, ages 0-12 years, with diapers, clothing and all the basic necessities that every child deserves.
