

# Chemical Intermediate Market Insights, Key Players Analysis, Intended Audience Growth, Opportunities & Forecast to 2022

*Chemical Intermediate Market by Type (Reagents, Solvents), Application (Pharmaceuticals, Automotive), by Form (Liquid, Solid), and Region - Forecast 2022*

PUNE, MAHARASHTRA, INDIA, May 25, 2017 /EINPresswire.com/ -- Market Highlights

“We enable our customers to unravel the complexity.”

Market Research Future

Globally, the market for chemical intermediates is growing due to pharmaceuticals and petrochemicals. The driving factor of the market are chemical intermediate is a vital element for the production of textiles, polyvinyl chloride (PVC) and other plastics. In-addition, increasing demand for pharmaceutical and automotive industry is estimated to open up new growth avenues for the market. Chemical intermediates plants are across the world. However Mono-Ethylene Glycol is projected grow at CAGR of 15% the year 2022.

“

Key Players in market are INVISTA, SI Group Inc, Arizona Chemical, Chevron Oronite, ExxonMobil Chemical, Biosynth, R K Synthesis, AdvanSix Chemical intermediaries, BASF, The DOW Chemical Company”

*Market Research Future*

Key Players:

The key players profiled in Chemical Intermediate Market are:

- INVISTA, SI Group Inc,
- Arizona Chemical
- Chevron Oronite

- ExxonMobil Chemical
- Biosynth, R K Synthesis
- AdvanSix Chemical intermediaries
- Jay chemicals
- Himalaya chemicals
- BASF
- The DOW Chemical Company
- Aceto

Market Research Analysis:

- The top 5 manufactures of chemical intermediates includes Germany, China, U.S., Saudi Arabia, and

Switzerland

- Chemical Intermediate are utilized in coatings, plastics, elastic textile fibers, detergents, pharmaceuticals and crop protectants
- The top 5 importing countries of chemical intermediates includes south Korea, Italy, U.K., France, and Japan

Regional Analysis:

Geographically, Asia Pacific dominates the [Global Chemical Intermediate Market](#) share during the period 2011-2015 followed by North America. Europe is emerging market. Hence Global Chemical Intermediate Market has crossed USD 188.23 billion Mark in 2014 and is expected to grow constantly for the next 3 years.

Intended Audience:

- Chemical intermediate manufacturers
- Pharmaceuticals
- Automotive industries
- Agriculture industries
- Retailers, wholesalers
- E-commerce companies
- Traders, Importers and exporters

About Market Research Future:

At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
