

# Tiempo Completes Investment to Accelerate Growth and Support Rapidly Expanding Client Base

TEMPE, AZ, UNITED STATES, May 30, 2017 /EINPresswire.com/ -- [Tiempo Development™](#) a leading nearshore software development outsourcing company announced today that it has completed a strategic investment to fuel growth from [Alerion Capital Group](#). Alerion is an equity and management advisory firm investing in technology product and service providers.

Since its founding in 2006, Tiempo has built a strategy centered around the needs of its U.S.-based clients who require a combination of nearshore software development talent, based on agile methodologies and cultural affinity. The nearshore leader has become a trusted partner to businesses in B2B, High Technology, Finance, Healthcare, Education, Security, Transportation and other industry sectors. Tiempo is experiencing exponential growth in 2017 as they enter their second decade in business.

“

Tiempo is well-positioned to respond to the tremendous growth and demand we are seeing industry-wide.”

*Cliff Schertz*

Tiempo is led by Cliff Schertz, Founder, President and Chief Executive Officer, who previously founded and headed Camisa Technologies, a leader in integrating customer relationship management (CRM) software solutions.

“Tiempo is well-positioned to respond to the tremendous growth and demand we are seeing industry-wide,” said Schertz. “The investment from Alerion Capital supports our continued commitment to providing additional technology services and growing brand awareness, while adding talent to continue delivering the best nearshore outsourcing development services available in the industry.” Alerion Capital Group is the sole investor in this private equity round of investment. Alerion Founding Principal, James Unruh, formerly the Chairman and CEO of Unisys Corporation is supported by partners, Rick DeAvila and Jeff Unruh who bring related technology experience and have also joined the [Tiempo Development](#) board of directors.

“Technology is quickly evolving and so are the demands on businesses; this drives our passion for companies that are bringing new approaches to streamlining innovation. At Tiempo, we see exactly that,” said James Unruh. “We are excited to partner with Tiempo as they continue to provide powerful outcomes for their clients across North America and look forward to contributing to their success.”

## About Tiempo Development

At Tiempo Development, we are making the business of software development easier and more affordable with a unique combination of a nearshore business model, agile methodology, and

advanced talent management. Tiempo's proprietary agile product lifecycle management framework called Tiempo Quality System or TQS is composed of principals and best practices that ensure productive client and team interactions and as a result, efficient software development.
