President Trump reported to be selling his mansion in St Martin for generous profit

NEWYORK, NEW YORK, USA, May 30, 2017 /EINPresswire.com/ -- President Donald Trump is selling his World class beachfront Caribbean mansion Le Chateau Des Palmiers for a reported sum of US\$28 million in St Martin. He bought the gold hued mansion in 2013 for nearly 20 million and is hoping to make at least 8 million of generous profit.

Being one of the World's highest profile leaders doesn't give you much time for vacations so it is thought that he feels the time has come to sell the luxurious mansion.

The 11 bedroom property sits on 5 acres which features a main house, guest house and to no surprise a eight foot wall surrounding the property.
