The home automation market in India is expected to grow with a CAGR of 23.63% in the coming six years. Metro cities like Delhi, Mumbai, and Hyderabad are some of the most potential cities where penetration has reached and is expected to increase further. The trend is followed by the mega cities like Bangalore, Ahmedabad. Some of the major players in the home automation market are L&T, Schneider Electric, Johnson Control, AMX and Crestron. The home automation market is just at a start with only the luxury oriented people approaching for automation. But with the reducing prices for automation and the energy efficiency affecting the people the home automation is soon going to be a market for all the segments of the people. The organized market accounts for more than half of the market and its share is expected to increase with major organized players investing in home automation market in India.

According to "India Home Automation Market Outlook, 2021", the market for home automation market in India is at a nascent stage and is expected to reach new heights. Lighting, Security, Audio/video and HVAC are some of the applications that are involved in the home automation. Security dominates the market and is expected to be the same in the future as data thefts, burglary are increasing continuously in India. Technology is one major plus in this market and with the leading brands spending most of their time and revenue in the R&D of the product, the home automation market is expected to witness a surge in the coming years. Division by the end users in this market comes with residential, commercial and hospitality sector. Home automation was primarily used in the commercial establishments like offices and institutions, but with the increasing awareness and the increasing lifestyle among the people, the home automation is dominated by the residential segment and is expected to demonstrate the fastest

growth in the hospitality sector. As home automation is an emerging market, and India being the country with the highest potential for this market, the global players are expected to extend their business in India thereby leading to higher penetration. In India, the trend is moving from wired connection to wireless connection. Different communicating technologies are used in the home automation market like Zigbee, Z- Wave, X10, Wi-fi, Bluetooth etc. Zigbee dominates the market and is expected to remain the same till 2021.

Key points in table of content

1. Executive Summary
2. Global Home Automation Market Outlook
 - 2.1. Market Size By Value
 - 2.2. Market Share
 - 2.2.1. By Country
 - 2.2.2. By Geography
 - 2.2.3. By Technology
 - 2.2.4. By Application
 - 2.2.5. By Networking Technology
 - 2.2.6. By Type
 - 2.2.7. By Company
 - 2.2.8. By Penetration
3. India Home Automation Market Outlook
 - 3.1. Market Size By Value
 - 3.1.1. Overall Market
 - 3.1.2. By End Users
 - 3.1.3. By Application
 - 3.2. Market Share
 - 3.2.1. By Company
 - 3.2.2. By City
 - 3.2.3. By Region
 - 3.2.4. By Technology
 - 3.3. Residential Segment Outlook
 - 3.3.1. By Segment
 - 3.3.2. By Application
 - 3.4. Commercial Segment Outlook
 - 3.4.1. By Segment
 - 3.4.2. By Application
 - 3.5. Hospitality Segment Outlook
 - 3.5.1. By Segment
 - 3.5.2. By Application
 - 3.6. India Lighting Market Outlook
 - 3.6.1. Overall Market Size with Organized/ Unorganized Share
 - 3.6.2. Market Share By Company
 - 3.7. India Security Market Outlook
 - 3.7.1. Overall Market Size with Organized/ Unorganized Share
 - 3.7.2. Market Share By Company
 - 3.8. India Audio/ Video Market Outlook
 - 3.8.1. Overall Market Size with Organized/ Unorganized Share
 - 3.8.2. Market Share By Company
 - 3.9. India HVAC Market Outlook
 - 3.9.1. Overall Market Size with Organized/ Unorganized Share
 - 3.9.2. Market Share By Company
 - 3.10. Pricing Analysis

4. India Economic Profile
5. Market Penetration
6. Organized Vs Unorganized Market
7. PEST Analysis
8. Channel Partner Analysis
9. Market Dynamics
 - 9.1. Key Drivers
 - 9.2. Key Challenges
10. Market Trends & Developments
 - 10.1. Technological Trends
 - 10.2. Shift from wireless to wired connection
 - 10.3. Increasing awareness of energy efficiency and smart living
 - 10.4. Price Reduction
 - 10.5. The Internet of Things
11. Competitive Landscape
 - 11.1. Porters Five Forces
 - 11.2. Company Profiles
 - 11.2.1. Eaton India
 - 11.2.2. Control4 India Pvt. Ltd.
 - 11.2.3. Vinshek Marketing Pvt. Ltd.
 - 11.2.4. ABB India
 - 11.2.5. Schneider Electric India
 - 11.2.6. Johnson Controls India Pvt. Ltd.
 - 11.2.7. AMX Products & Solutions Pvt. Ltd.
 - 11.2.8. L&T Electric & Home Automation
 - 11.2.9. Leviton Security & Home Automation
 - 11.2.10. Crestron Electronics India Pvt. Ltd.
