

# Our Revolution: Withdrawing from the Paris Climate Accord Puts Every Community in Our Country in Danger

WASHINGTON, DISTRICT OF COLUMBIA, UNITED STATES, June 1, 2017 /EINPresswire.com/ -- Our Revolution released the following statement in response to news that the Trump Administration will withdraw from the Paris climate accord.

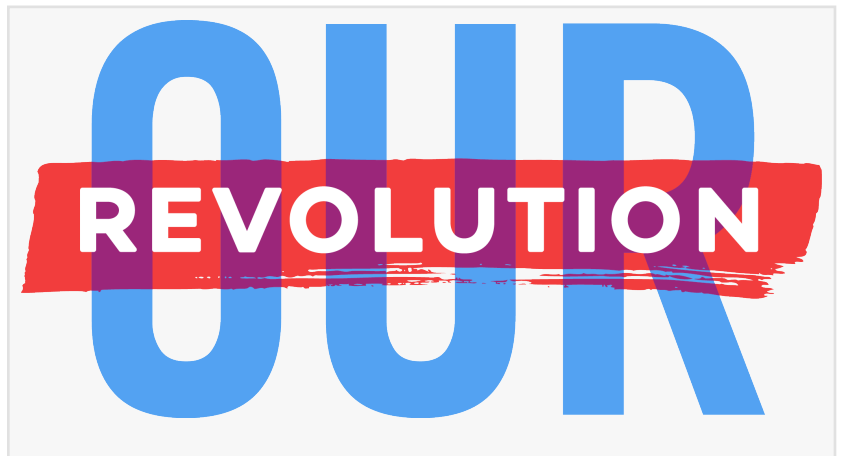

“Millions of Americans, scientists, and world leaders know climate change is real and will further harm our communities unless we act now,” said Our Revolution Board Member and

environmental and rural advocate Jane Kleeb. “Withdrawing from the Paris climate accord puts every community in our country in danger, from the Heartland to our coasts. Allowing climate change to further pollute our land, air and water stacks the deck against people who cannot afford increased health care, housing, and food costs.”

“Our Revolution joins with farmers, environmentalists, Native allies, workers, and scientists to continue building a movement that will fight against billionaires and Big Oil who line their pockets while destroying our planet.”
