# Optimize Business Growth With ezCheckPrinting Software from Halfpricesoft.com

Updated EzCheckprinting check software helps business owners get into better financial shape.

NEW YORK, NY, US, June 6, 2017 /EINPresswire.com/ -- Time is one of the most precious things for any business owner. Halfpricesoft.com (http://www.halfpricesoft.com), a global leader in small business software, understands wasting time on menial tasks only detracts from productive business growth. That's why this company aims to assist new and seasoned companies to expedite growth by offering a low cost and high quality check writer in latest ezCheckprinting software. Tech experts and novice computer users alike praise the check writing program for both its user friendly interface while operating on a cutting edge system.

ezCheckPrinting software - main screen

"Efficient organization and business growth go hand in hand for any company," said Halfpricesoft.com founder Dr. Ge. "That's why we created software like ezCheckprinting, it insures that business owners of all sizes can manage their finances with just a click of a button."

Preparing and printing checks is not only simply but affordable with ezCheckPrinting! Customers can experiment with a free trial version with all the basic check printing capabilities for 30 days. Upgrading to the premium version from the trial is easy, with all data transferring over into the full version. Business owners can experiment with this software http://www.halfpricesoft.com/product_ezCheck.asp at no cost or obligation.

Halfpricesoft.com understands that not all business owners have time to become computer experts, that's why software created insures all individuals at any skill set can operate the program. The purpose of software is to make things easier and faster, not slower; insuring the founding principles of this company is to insure user friendliness and simple yet elegant operating systems.

The main features of this check writing and printing software include:

- Easy to use and learn, even for people who don't have an accounting or IT background
- Prints MICR characters accepted by most banks (for use with laser printers) — no need to order expensive checks pre-printed with bank information
- Use blank check stock or pre-printed checks in check-on-top, check-in-middle, check-on-bottom formats and 3-per-page format
- Unlimited check accounts and unlimited check printing
- Export and import of check data for use with ezTimeSheet, Excel file, QuickBooks, Microsoft Money, and other accounting software.

Starting with a completely no cost at all for the customer (with only a small $39 for a full upgrade), ezCheckPrinting is affordable for any size business and is compatible with all popular brands of laser printers (most of which can print bank-accepted MICR numbers) and specialized MICR printers.
