

Dry Construction Market to Post an Annual Growth Rate of 5% during 2017-2023

Dry Construction Market by Type (Supporting Framework), System (Wall, Flooring, Ceiling), Material (Metal, Wood, Plastic) and Region - Forecast to 2023

PUNE, MAHARASHTRA, INDIA, June 7, 2017 /EINPresswire.com/ -- Market Highlights

“ We enable our customers to unravel the complexity.”

Market Research Future

The Dry Construction Market is Expected to Grow over the CAGR of around 5 % during the period 2017 to 2023.

“

Key Players in market are Xella Group (Germany), Saint-Gobain S.A. (France), Etex Group SA (Belgium), CSR Limited (Australia), Armstrong World Industries, Inc. (U.S.), Fletcher Building (New Zealand)”
Market Research Future

The major factor expected to drive the [Global Dry Construction Market](#) is the boom in the construction industry in the developing nations. The rapidly increasing industrialization and urbanization are leading to an increase in use of dry construction materials. The increase in adoption of lightweight materials by construction industry is also driving the growth of the market. The various characteristics of dry construction materials such as ease of installation, reduction in construction time, better thermal and sound insulation, moisture resistance, and fire safety drive is expected to increase the use of such material by both residential as well as non-residential end-users. This will further contribute the growth of the dry construction market.

Key Players:

The key players of dry construction market are Xella Group (Germany), Saint-Gobain S.A. (France), Etex Group SA (Belgium), CSR Limited (Australia), Armstrong World Industries, Inc. (U.S.), Fletcher Building (New Zealand), USG Boral (Malaysia), Knauf (Germany), Panel Rey S.A. (Mexico), Pabco Gypsum (U.S.) and others.

The scope of the study segments the global Dry construction market by its service, application and region.

- By Type

- o Supporting Framework
- o Boarding

- By System

- o Wall
- o Flooring
- o ceiling
- o Others

- By Material

- o Metal
- o Wood
- o Plastic
- o Others

- By Region

- o North America
- o Asia Pacific
- o Europe
- o Rest of the World

About Market Research Future:

At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence

services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
