WiseGuyReports.Com Publish a New Market Research Report On - "Affordable Housing in BRIC 2017 Market Expected to Grow at CAGR 7.22% and Forecast to 2021".

PUNE, INDIA, June 7, 2017 /EINPresswire.com/ --

The analysts forecast [the affordable housing market in BRIC](#) to grow at a CAGR of 7.22% during the period 2016-2020.

The BRIC countries have a large and growing middle-class population with increasing disposable incomes. Affordable housing provides the middle and low-income population with the opportunity to own independent houses. Also, the governments in these nations provide benefits such as tax incentives to promote affordable housing development. The PPP model for the construction of affordable housing is also gaining popularity in BRIC countries. It helps developers utilize the land available with the government for multiple purposes, besides helping them get fast and easy approvals. Demand is far outstripping the supply of such housing.
