The Center fears that a Navy Veteran or maritime worker with mesothelioma in Texas could easily get shortchanged by hiring lawyers or a law firm that are not fulltime mesothelioma attorneys. A financial compensation claim-for a US Navy Veteran or a maritime worker could easily be in the hundreds of thousands of dollars or more. A Texas maritime worker with mesothelioma could see a compensation claim that exceeds a million dollars if their exposure to asbestos happened in more than one state as they would like to explain at 800-714-0303-especially if the maritime worker was exposed to asbestos in the oil and gas industry.
