

Arizona Mesothelioma Now Urges a Construction or Skilled Trades Worker in Arizona With Mesothelioma to Call for Direct Access to The Nation's Most Skilled Compensation Lawyers

NEW YORK, NEW YORK, USA, June 20, 2017 /EINPresswire.com/ -- The Arizona Mesothelioma Victims Center says, "We are urging a construction worker or skilled trades person in Arizona who has just been diagnosed with mesothelioma to take their potential financial compensation very seriously and to call us anytime at 800-714-0303. As we would like to explain the best possible mesothelioma compensation settlements are a result of the hard-work of really-skilled lawyers who specialize in this area of the law.

"To say this is a small club of extremely skilled, experienced and capable mesothelioma attorneys in the United States would be an understatement as we would like to discuss. A million-dollar mesothelioma compensation settlement does not happen without extremely competent attorneys in most instances."

The Arizona Mesothelioma Victims Center's number one goal is the best possible financial compensation for a person with mesothelioma in Arizona-especially if the person is a construction worker, a skilled trades person such as a plumber or an electrician. The exposure to asbestos for these types of people can be significant. The financial compensation for these types of individuals can be in the hundreds of thousands of dollars or more.

If the Arizona Mesothelioma Victims Center had a vital tip for a former construction worker, a skilled trades worker, or a Navy Veteran in Arizona who has been recently diagnosed with mesothelioma or their family members it would be, "Please call us at 800-714-0303 before you hire or a law firm to ensure you really are dealing directly with the nation's most skilled, capable and experienced mesothelioma attorneys. Your compensation literally depends on it."

High-risk work groups for exposure to asbestos in Arizona include US Navy Veterans, power plant workers, manufacturing workers, plumbers, nuclear power plant workers, electricians, auto mechanics, machinists, or construction workers. Typically, these high-risk workers were exposed to asbestos in the 1950's, 1960's, 1970's, or 1980's.

The states indicated with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon. Mesothelioma also happens in Arizona.
