

Aurochs Software Launches out-of-the-box Incentive Eligibility Management Solution

PUNE, MAHARASHTRA, INDIA, June 14, 2017 /EINPresswire.com/ -- Aurochs Software proudly announces the launch of its one-of-a-kind Incentive Eligibility Management Solution embedded as part of our [IC Calculation Engine](#) which is designed and architected specially for the pharmaceutical industry. Our IC eligibility management engine allows business users to flexibly configure complex eligibility scenarios using a simple interface without any technical know-how. The tool provides a capability to select different calculation combinations (built-in) based on your specific business processes.

Combination of calendar days, business days, company holidays, leaves etc can be used for incentive eligibility calculations on a monthly or periodic basis to suit your business needs.

The interface also allows the user to configure rules (using standard dropdowns) for different special scenarios such as new-hire, transfer, termination etc. Special rules can also be defined for job shares and flexible working arrangements.

About Aurochs Software:

Aurochs Software is a [sales compensation solution](#) suite specifically designed for the life sciences industry. A pharma-ready, web-based solution designed to be highly intuitive and easy to use, it comes armed with a robust quality and auditing framework empowering our clients to manage the sales compensation function in-house. The solution suite also consists of quota setting, field reporting and IC health check modules to complement the base sales compensation solution.

Aurochs is designed to handle local incentive compensation complexities in varied geographies including U.S., Canada, Europe (UK, Germany, France, Spain, Italy, etc.), the Middle East, Asia and Australia.
