

WILBY 3D: A new mobile application to discover the world through a unique virtual experience

Go from virtual to real world to find clues and gifts and make new friends!

NEW YORK, USA, June 14, 2017 /EINPresswire.com/ -- Explore and travel the world in search of clues, gifts and new friends! WILBY Inc. and Virtual Life announce the launch of WILBY 3D, a mobile application that takes you around the globe in a unique adventure using an innovative socialization concept!

Enjoy an experience that is both virtual and real thanks to WILBY 3D's augmented reality and geolocation. Create an avatar that resembles you from a simple selfie, meet new friends and chat with them, take part in quests that lead you through the different cities of the world, discover clues, solve puzzles, meet challenges, play games and win a multitude of prizes and hidden gifts all over the planet.

The application is free and available now for Apple and Android devices, in English and French. In the coming year, it will be translated into several languages to ensure its gradual commercialization in all countries. WILBY 3D was designed in close collaboration with Virtual Life, a French company specializing in the development of 3D, social and mobile applications.

About WILBY Inc.

Founded in 2011, the company has made a name for itself in recent years through its safe social network for children, WILBY.TV, which has members in 100 countries around the world.
