

NexorONE® Integration with PayXpert® provides the payment processing infrastructure to support online payments

PANAMA CITY, PANAMA, November 13, 2017 /EINPresswire.com/ -- [NexorONE®](https://www.NexorONE.com/) the leading Online Banking Software Solution™ has integrated to [PayXpert](https://www.PayXpert.com/) LTD, a secure, global, and Multi-Currency, Payment Solution for merchants. This new full integration capability will enable companies operating the NexorONE® Platform to accept payments in traditional and virtual settings. PayXpert is a browser-based and mobile global payment application designed to help financial institutions centralize and streamline their payment processes

The range of services offered includes:

- Advanced Gateway and Business Intelligence services giving you full control over your acquirers through one centralized solution

- IPSP solutions to increase your portfolio of acquirers and alternative payment solutions
- Risk management solutions to reduce fraud
- Chargeback Recovery

We are proud with our partnership, both as client and provider, to bring to the market reliable added value services. Looking forward to bring our expertise and technology to a wide range of partners.”

Nicolas RIEGERT, Payxpert, CEO and Co-Founder

- Prepaid Card solution to proceed with outgoing payments to affiliates, agents or employees
