Description

Wiseguyreports.Com Adds “Mobile Mapping -Market Demand, Growth, Opportunities and analysis of Top Key Player Forecast to 2022” To Its Research Database

According to Statistics MRC, the Global Mobile Mapping market is estimated to be \$10.28 billion in 2015 and is expected to reach \$39.8 billion by 2022 growing at a CAGR of 21.3% from 2015-2022. Growing usage of mobile devices, enhanced network connectivity and rising growth for mapping analytics are some of the predominant growth drivers for the market. However, lack of awareness based on location-based services (LBS) is presumed to challenge the industry growth. Moreover, the future opportunity for the market lies in mobile mapping incorporation with wearable smart devices.
