

Project Management Done Efficient, Effective and Easy

Estimated Time Arrival (ETA) Cloud or On Premise

FREDERICKSBURG, VIRGINIA, USA, June 19, 2017 /EINPresswire.com/ -- A Virginia Based IT Product and Service Firm, is proud to introduce Estimated Time of Arrival (ETA). ETA is a Project Management Application, simpler to use and maintain than Traditional Project Management Solutions. ETA is designed to integrate with your existing systems to save valuable time identify and prevent problems before they force work to stop; thus preventing project flow towards completion.

Developed with Both Users and Managers in Mind, ETA Is a Project Management Software That is Both Drag-And-Drop Easy, And Fine-Grained Detail Oriented. Streamlined Project Tracking and Management For All Levels Of Your Organization

- Executive Dashboards provides Real-Time Insight into Project Health, Resource Allocation and Budgeting
- Resource Planning Tools and Analytics for Project Managers
- Create, Manage and Report on Portfolios and Projects Dynamically
- Dynamic Graphs and Summaries Of Budget Versus Actual Expenses Over Time
- Issue Reporting Divided By Severity
- Tasks and Allocated Hours Reporting By Resource/Task Worker
- Drag and Drop Task Prioritization, within Project Phases

“As a Full Service, HUBZone, SWaM, IT Products and Consulting Firm, we pride ourselves on providing Customers with Cost-Effective, Cutting Edge Software “ETA”, “enabling Organizations’ Top Level Executives to view all Portfolios, Programs, Projects and Budgets for the entire Organization, thus enabling Corporate to make major decisions negating the necessity to reach out to Management Staff ”Lance Durante, President/CEO of MD Tech. ETA Software is the perfect Project Management Solution, that provides the latest Methodologies; Waterfall and Agile Scrum Management, suitable for all management styles.

Estimated Time Arrival
