Description

Wiseguyreports.Com Adds "Sports Nutrition and High Energy Supplements -Market Demand, Growth, Opportunities and Analysis of Top Key Player Forecast To 2022" To Its Research Database

According to Statistics MRC, the Global Sports Nutrition and High Energy Supplements market is accounted for \$40.1 billion in 2015 and is expected to reach \$79.6 billion by 2022 growing at a CAGR of 10.2% from 2015 to 2022. Demand for protein-based sports nutrition products, surge in promotional activities of sports nutrition products and increasing health awareness among people will drive the market growth. However, side effects from ingredients used in sport supplements will restrain the market growth.

Sports foods product is the largest segment in the Sports Nutrition and High Energy Supplements market due to their increased health and nutrition benefits. North America commanded the largest market followed by Europe due to the demand for protein based sports products in both the regions.
