So much so, that I booked a 108 ft Ferretti for my parent's anniversary the following month. It was amazing. The captain along with his crew were polite and kind. We had a perfect time on the sea and my ma couldn't stop awing at the panoramic roof! From the inquiry process to properly making a reservation and up until my guests and I made it onboard, their staff was professional and easy to communicate with. No misunderstandings making it super smooth and easy!"

Everything was arranged properly. It was something I had worried about so much! The crew was amazing, simply amazing. They knew when to give us space and when to join us, which was very sweet of them. The lunch they served was delicious. We even raced on water with the water runners! It made for some really great pictures! We saw dolphins, too and had a super time. The crew included a professional photographer and videographer, too. The pictures and videos are great. We're planning to have our wedding on a yacht again. At least there would be one thing that I could trust not to go wrong on my big day!"
