

Personal Emergency Response Systems (PERS) Market 2017 Global Share, Trend and Opportunities Forecast To 2022

Personal Emergency Response Systems (PERS) -Market Demand, Growth, Opportunities and analysis of Top Key Player Forecast to 2022

PUNE , MAHARASHTRA, INDIA, June 22, 2017 /EINPresswire.com/ -- [Personal Emergency Response Systems \(PERS\)](#) Industry

Description

According to Statistics MRC, the Global Personal Emergency Response Systems (PERS) market is estimated at \$5.6 billion in 2015 and is poised to reach \$8.61 billion by 2022, growing at a CAGR of 6.35% from 2015 to 2022. Reforms in healthcare industry and rising aging population are some of the key factors boosting the market growth. Furthermore, increasing usage of smartphones and technological advancements in PERS devices are the factors favoring the market growth. However, lack of awareness and high cost associated with adoption of personal emergency response systems acts as restraints for the market growth.

Mobile PERS segment is likely to acquire the largest market share during the forecast period driven by rapidly increasing smartphone users. Home Based Users segment is capturing maximum of the market share in Personal Emergency Response Systems (PERS) end user market. North America leads the global market with the largest market share and Asia Pacific is expected to grow at the highest CAGR during the forecast period due to increasing expenditure on healthcare and demand for independent healthcare devices.
