

Minneapolis Bed Bugs

Bed bugs are taking over America! Find out where your city ranks! Click here if you want to know more about The Bed Bug Guys, your "Heat Treatment Experts!"

BURNSVILLE, MINNESOTA, UNITED STATES, June 26, 2017 /EINPresswire.com/ -- The top 15 most infested cities in America are: Baltimore; Washington, D.C.; Chicago; New York; Columbus, Ohio; Los Angeles; Detroit; Cincinnati; Philadelphia; San Francisco-Oakland-San Jose; Richmond-Petersburg, Va.; Raleigh-Durham, N.C.; Cleveland-Akron-Canton, Ohio; Indianapolis, and Dallas-Ft. Worth.

In 2010, Minneapolis is rated the 15th most infested city in the United States with [bed bugs](#). It was relatively in the same spot in 2011, but plummeted to 46th by 2012, and steadily made its way out of the bed bug rankings. By 2017, Minneapolis was not in the top 50 rankings. At the time in 2010, mostly big name companies lead the way for Minneapolis bed bug extermination, and bed bug companies throughout America, were very ineffective at treating bed bugs. These companies used a lot harmful pesticides including pyrethroids (Nerve Toxins) to treat bedbugs. Jeffrey Berens made it his mission to start Beg Bug Guys in 2011, and end these ineffective and harmful treatments for Bed Bugs in Minneapolis. Jeffrey decided

to go with a genius and natural [Heat Treatment](#) method that kills bed bugs fast, safely and effectively. What caused this huge drop from 15th most infested cities to not even in the top 50 cities? The "Bed Bug Guys"! Do you think this is a coincidence?... because we think not. Unlike many other companies, the bed bug guys are your "heat treatments experts", Heat Treatment will penetrate and force heat into all of the cracks and crevices where the beg bugs hide.

Our Heat Treatment process, by your "Heat Treatment Experts", forces heat into beds, bedding, mattresses, furniture, electronics, wall cavities, etc. leaving no place for bed bugs to hide. Other companies are not as complete or thorough with their heat treatment process, so they need to use harmful pesticides with every heat treatment.

Bed Bug Guys are Industry leaders with Heat Treatments, our heat treatment is a chemical free extermination for Bed Bugs in Minneapolis and the greater Minnesota Area.
