

Bigfoot Is On The Move

Bigfoot Project Investments Inc. is in the field looking to find the winner of the \$1,000,000 Bigfoot Bounty and working on revenue producing projects.

REDWOOD CITY, CA, UNITED STATES, June 23, 2017 /EINPresswire.com/ -- Bigfoot Project Investments Inc. was organized for the purpose of proving to the world that the creature known to most of the world as Bigfoot exists. We are listed as an entertainment company. We have produced seven documentaries detailing the evidence we have found.

Bigfoot Project Investments, Inc. (Stock Symbol: BGFT), announces that the company will be featured on the "New to the Street" investing news show. The show will be aired on the Fox Business Channel on Saturday, June 24th at 2 PM Eastern.

The show will feature the significant Bigfoot news, media coverage, and Bigfoot sightings and encounters reports responding to the \$1,000,000 Bigfoot Bounty offered by Bigfoot Project Investments, Inc.

“

Who will win the Bigfoot Bounty, will it be you?”

TJ Biscardi

Bigfoot Project Investments Inc. has an agreement to begin construction of a luxury hotel and entertainment center inside the famous East Glacier Park itself. The luxurious hotel will include a Bigfoot Museum, and an Entertainment Center presenting Live shows, while giving you close access to three famous national parks. This area is just one of the "Bigfoot

Alley" areas that has been a suspected migratory path for Sasquatch.

The CEO/Founder of Bigfoot Project Investments Inc. visited northern California last week to touch base with the wife of his former mentor and research the area for future investigations. The Godfather of Bigfoot also visited Ohio for the filming of the introductions for the re-release of seven of the eight DVDs that the company has in their library. This is one of the revenue producing projects that the Company announced in its most recent 8K.

This project will help to build the audience for the new five "Dark and Violent World of Bigfoot" movies the second of our most recent revenue producing projects. The stories have been collected and the locations identified for the filming of the fact based movies. This project provides a new revenue stream for the company and will help build and expand the Company library.

The Searching for Bigfoot expedition team is heading out for the summer expedition. Arkansas, Texas, and Oklahoma are just a few of the states that the team will be meeting with witnesses, investigating recent sightings, and collecting evidence in an effort to secure bona-fide evidence that the creature exists. If you have had a recent sighting, visit our website to enter the Bigfoot Bounty promotion for your chance to win.

The team will investigate selected eye witness reports supported by footprints, thermal images, and even digital films. The investigations allow the team to gather and document various types of evidence. The team has selected a few incidents during the planning process of their expeditions for investigations that might lead them to identify one of the current migratory paths used by the creatures. Many locations record structures in the form of branches twisted and weaved into arches for what seem like shelters. The structures reach heights of up to nine and ten feet and are most likely sturdy enough to last the harshest of winters.

Visit the Bigfoot Bounty page for more information on how to join in on the promotion.
