#### Segments

For the purpose of this study, Market Research Future has segmented the market of web real time communications into type, organization size, vertical and region.

##### Type-

- Solutions

- Services

##### Solutions-

- Messaging

- Video Conferencing

- Voice Calling

- Others

##### Services-

- Consulting

- Integration

- Others

Organization Size-

- Large

- Medium

- Small

Vertical-

- Media & Entertainment

- BFSI Healthcare

- Transportation

- Retail

- IT & Telecommunications

- Others

Region

- North-America

- Europe

- Asia-Pacific

- RoW

Regional Analysis-

Regionally, North-America accounted for the largest market share, owing to increased adoption of new technological solutions, development in the internet infrastructure, increasing demand for better operational efficiency and the strong presence of solution providers. Countries such as U.S and Canada contributes largely to the growth of the market. The market is expected to grow in the North-American region with a largest market share is expected to gain a CAGR over the forecast period.
