PUNE, INDIA, June 27, 2017 /EINPresswire.com/

--

## [Global Property Insurance Market](#)

### Description

The global property insurance in the oil and gas market is reliant upon the state of the global oil and gas market. It also depends on the broader insurance market cycle. The recent retreat in the global crude oil and associated energy prices is expected to have a significant effect on the course followed by the market over the forecast period. The global property insurance in the oil and gas market was valued at \$14.171 billion in the year 2015 and is anticipated to expand at a CAGR of 3.349% over the forecast period.

### Covered in this report

The report covers the present scenario and the growth prospects of the global property insurance in oil and gas market for 2016-2020. To calculate the market size, the report considers the revenue generated by the demand for property insurance for its application by end-users in each region and their corresponding key countries.
