

Global Multi-Factor Authentication (MFA) Market 2017 Share, Trend, Segmentation and Forecast to 2022

Global Multi-Factor Authentication (MFA) Market Analysis 2017 Forecasts To 2022

PUNE , MAHARASHTRA, INDIA, June 27, 2017 /EINPresswire.com/ -- [Multi-Factor Authentication \(MFA\)](#) Industry

Description

Global Multi-Factor Authentication (MFA) Market is accounted for \$4.05 billion in 2015 and is expected to reach \$13.59 billion by 2022 growing at a CAGR of 18.8% from 2015 to 2022. MFA technology plays a significant role as it helps to meet legislative compliances, security needs, inter border security requirements. Some of the major drivers in this market include rise of E-commerce sector, growing number of online transactions, network security threats and legislative compliances. However, data security and MFA usage service time are some restraints anticipated to decrease the market growth.

Banking, financial services and insurance (BFSI) segment contributed a largest market share during the forecast period owing to growing need for secure identification and verification techniques. By geography, North America commanded the largest market share due to plenty IT infrastructures and more financial institutions & companies in this region.
