PUNE, MAHARASHTRA, INDIA, June 28, 2017 /EINPresswire.com/ -- Market Scenario

Major key Players include  
Diva International Inc, Lune  
Group Ltd, The Keeper  
Inc., Mooncup, Intimina, Me  
Luna, Ruby Cup, others”  
*Market Research Future*

The menstrual cup is a substitute for sanitary napkins. These cups are used during menstrual cycle. It is made of medical grade silicone; they are shaped like a bell and is flexible. Instead of absorbing the flow, like a tampon or pad, it collects and holds menstrual blood. . The shelf life of the product is approximately ten years. The cup is an ecofriendly product that can be used single time or multiple times as these are easy to use and carry. The cup needs to be emptied once it is full. The cup must be washed to be used two to four times in a day.

The market of global menstrual cup will grow steady at the CAGR of 5% during the forecasted period of 2017-2023.

## Market Highlights

The market of menstrual cups is growing at a slow rate as the growth is restrained by least awareness about the product in the developing countries. The acceptance rate among people for this product is due to cultural values which is suppressing the growth of this market. The product gives ample benefits to women and these benefits are factors that can grow this market in developing nations as well as in poor countries.

## Key players

- Diva International Inc. (Canada),
- Lune Group Ltd (Finland),
- The Keeper Inc. (US),
