[Freight Brokerage Market 2017](#)

Executive Summary

A freight broker is any company or an individual that acts as an intermediate between the shippers and carriers. The shippers provide freight for transportation while carriers have enough capacity to move the freight. Thus, freight broker aids both shippers as well as carriers. For shippers, freight brokers help them find trustworthy carriers that are difficult to locate by shippers. For carriers, freight brokers assist them in filling their truckloads and earning money for the transportation

The analysts forecast the global freight brokerage market to grow at a CAGR of 4.19% during the period 2017-2021.
