Synopsis

The report provides detailed market analysis, information and insights based on almost 120 CIC projects in the Middle East and Africa for 45 countries.

The report provides detailed metrics on the region's airport construction projects (as tracked by CIC) split by country, type and value.

Detailed metrics are also provided for the top 10 countries.

Summary

Construction Intelligence Center (CIC) is currently tracking airport construction projects in the MEA with a total value of US\$163.5 billion, which comprises projects from the announced to execution stages.

The top 10 countries (in terms of the value of their project pipelines) account for 83% of the total value of airport construction projects in the region, with a total of US\$135.6 billion. These are, in order of project value, the UAE, Qatar, Saudi Arabia, Kuwait, Iraq, Angola, Iran, Ethiopia, Libya and Benin.

Scope

The report provides analysis based on CIC projects showing total project values for the Middle East and Africa and analysis by stage and funding for the top 10 countries. Top project listings and top participants for the sector are also shown.

Key points to buy

Gain insight into the main drivers of activity and forecasts, and an understanding of key trends, analysis of projects by value for the Middle East and Africa market and its main countries, enabling clients to target products and services for each type of project.
Read analysis of main project participants by value for the sector, enabling clients to target products and services for each type of project.

Access top project data with location, value, stage and start date.

Key Highlights

Projects at the execution stage have a total value of US\$118.9 billion, while those in the planning stage total US\$28.4 billion.

Projects in the pre-execution stage amount to US\$15.5 billion, followed by projects at the pre-planning stage (announced and study phase) with US\$680 million.

The UAE leads airport project investment in the region, with US\$52.2 billion, followed by Qatar with US\$23.0 billion and Saudi Arabia with US\$17.8 billion.
