

NY Gov. Andrew Cuomo in Collusion Scheme to Cover-up Rapes and Deaths of People with Special Needs

Thousands of people with special needs are being sexually assaulted, raped and dying annually in extremely dangerous and deadly NYS facilities and group homes

DELMAR, NEW YORK, UNITED STATES, June 28, 2017 /EINPresswire.com/ -- Governor Andrew Cuomo has taken decisive actions to ensure that most sexual assault and rape crimes, including criminally negligent deaths, of people with disabilities and those struggling with mental health issues never get to local police, County elected District Attorney's or Medical Examiners and Coroners. You may ask yourself why would he do such a horrific thing and believe me, many do ask this? One of the answers is that there is a distinct choice that Governor Cuomo has made to deal with these horrors and the horrific care and services being provided in New York State which is to try to cover-up almost everything because of the shame, scandal and massive fraud involved. Governor Andrew Cuomo chose to continue the cover-ups, instead of doing what was right and just, following the award winning New York Times "Abused & Used" investigative reporting series on this matter which was a runner up for a Pulitzer Prize

<http://www.nytimes.com/interactive/nyregion/abused-and-used-series-page.html>. Governor Cuomo chose to allow most of the abusers, the pedophiles, the rapists and those that harm and even kill some of our most innocent and vulnerable to be protected and shielded and in most cases left in their jobs to possibly further harm the same person with a disability or possibly many other victims, instead protecting people with disabilities. The big picture that the governor is really concerned about surrounding this collusion scheme is the ability to continue to defraud the federal government of billions of federal tax dollars annually. You must understand that State and federal Medicaid money according to federal law says that the money can only go to programs that provide safe care that is free from abuse and neglect. If you hide thousands of cases of abuse and neglect monthly that are occurring in New York State you continue to get the federal money no questions asked. Governor Cuomo is heading up the worst type of collusion scheme imaginable, because this theft and fraud of federal Medicaid dollars surrounds the cover-ups of massive numbers of sexual assaults, rapes and criminally negligent death crimes.

(Justice Center) is continued to be exposed publicly for what it really is, which is a cover-up whitewash entity, the Governor continues to do everything imaginable to protect himself. Governor Cuomo went as far as taking every measure possible and calling in every favor possible to try to stop an historic 911 Civil Rights Reform Bill initiated by Michael Carey from getting to the floor of either the NYS Senate or Assembly. The historic 911 Civil Rights Reform Bill would simply require those that work with the disabled to call 911 if there is a medical emergency, including a death, significant injuries of a person with a disability or if there was a physical or sexual assault which are crimes. The 911 Civil Rights Bill really is that simple. Who would oppose this, except for

people that have horrible things to hide? This amazing legislation would end decades of horrific and deadly discrimination and save many hundreds of lives annually. New Yorkers with disabilities living outside of their family home in State run or State certified private facilities and group homes have been denied equal access to 911 Emergency medical and police assistance and services and bypassing or simply not calling 911 is the number one known cause for what is being called “untimely” deaths of the disabled in New York State. These are negligent deaths that in most cases could have been easily prevented if only 911 were required to be called by staff?

To shine a light on the sheer numbers and the scope of the rampant abuse and neglect, as well as deaths occurring of people with disabilities in New York State, please sit down. Every day, there are, on average 11-13 deaths reported to Governor Cuomo’s Justice Center, but really Unjust Center, death hotline. There are between 19,000 and 20,000 deaths of people with disabilities in the last four years alone. Obviously, these are not all negligent deaths, I am not claiming that they are, but a sizeable percentage without question, are criminally negligent deaths or homicides. Countless people that were physically healthy that had no terminal illness diagnoses, just dying in these known unsafe facilities, many extremely young? What was the cause of all these deaths, we don’t know, most were never reported by Governor Cuomo’s Justice Center to County Medical Examiners or Coroners. My precious son Jonathan had autism and was only 13 when he was killed by his New York State caregivers and he was denied 911 immediate medical and police services. Jonathan was developmentally disabled and had autism and he was only 13 when he was killed by his caregivers in 2007 <http://www.nytimes.com/2011/06/06/nyregion/boys-death-highlights-crisis-in-homes-for-disabled.html> - <http://www.nytimes.com/video/nyregion/100000000849083/a-failure-to-protect.html> . Jonathan is one of many hundreds of innocent people with disabilities dying long before they should every year because of a corrupt system that uses the disabled for financial gain and profit. The sexual assaults and rapes are off the charts. Years worth of New York State records obtained through Freedom of Information Law (FOIL) requests reveal that for the developmentally disabled in NYS through OPWDD system alone an average of 325 reported sexual assaults every three months. The tragic reality is that only approximately 3% of these sexual assault cases against the developmentally disabled will ever be reported according to a highly recognized report found on the State of Massachusetts official website <http://www.mass.gov/dppc/abuse-recognize/prevalence-of-violence.html> . Simply do the math, statistically upwards of one third of New York State residents with disabilities living in OPWDD facilities or sub-contracted private facilities and group homes under OPWDD are being sexually assaulted annually. This evil must be stopped. Most sexual predators that prey on the vulnerable and weak in New York State are being protected and shielded from prosecution by Governor Cuomo’s Justice Center and these people are also out on the streets able to possibly assault or rape your children because they are not in jail where they belong.

The Justice Center has been and continues to be exposed in a big way for the fraud it is by both the AP News and by BuzzFeed News. I have attached some of these investigative news pieces; <http://bigstory.ap.org/article/34c9c059196a4b70bc8ded92d2f8e4b7/9-deaths-no-charges-raise->

For many decades now New York State has treated the disabled and those struggling with mental illness as a sub class of human being, or in other terms the bottom of the barrel and has used them for financial gain <https://www.youtube.com/watch?v=dbiYJkiX-Dg>. New York State, under the guise of a “Justice Center” that Governor Cuomo has touted as his historic reform is hiding and concealing thousands of the heinous crimes imaginable. The severe damages, physical and emotional injuries and loss of innocent lives are countless and most are the direct result of the collusion and widely known fraud and corruption.
