NEW YORK, NY, UNITED STATES, June 28, 2017 /EINPresswire.com/ -- Based on industry trends and user feedback, AdvisorHub.com, the nation's fastest growing news site for financial advisors, has launched two new sections of its site that will help financial advisors and their businesses. Both will feature research, commentary from industry leaders, as well as original content, expanding beyond AdvisorHub's current investigative journalism offering.

ADVISORHUB

Sponsored by Fidelity Clearing & Custody Solutions and Hanlon Advisory Software, AdvisorHub is pleased to introduce a new Fintech section of the website that will allow advisors to search a database of products and find a solution that fits their needs. Tech firms can showcase their Fintech products to this elite audience of financial advisors with product demos and features. Advisorhub will enhance the Fintech section with original reporting on fintech topics, crafted to appeal to financial advisors.

In addition, a new Markets section integrates state of the art financial charts and news, research, and data on all listed companies, with financial blogs, quarterly predictions, and original commentary.
