

Circulating Water Baths 2017 Global Market Expected to Grow at CAGR Of 4.23% and Forecast to 2021

Wiseguyreports.Com Publish New Market Research Report On-"Circulating Water Baths 2017 Global Market Expected to Grow at CAGR Of 4.23% and Forecast to 2021".

PUNE, INDIA, June 29, 2017 /EINPresswire.com/

<u>Circulating Water Baths Market 2017</u>

Executive Summary

A water bath is a laboratory equipment used to incubate or maintain samples at a constant temperature for a long time. It usually consists of a metal container filled with heated water. A water bath usually has either an analog or digital interface that allows the user to control the temperature of the bath as per requirement. A water bath has many advantages and hence, its increasing demand.

The analysts forecast the global circulating water baths market to grow at a CAGR of 4.23% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the global circulating water baths market for 2017-2021. To calculate the market size, the report considers the sales of the circulating water bath equipment.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

Covered in this report

The report covers the present scenario and the growth prospects of the global circulating water baths market for 2017-2021. To calculate the market size, the report considers the sales of the circulating water bath equipment.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

The report, Global Circulating Water Baths Market 2017-2021, has been prepared based on an indepth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Grant Instruments
- IULABO
- PolyScience
- Thermo Fisher Scientific

Other prominent vendors

- Benchmark Scientific
- Cole-Parmer
- Boekel Scientific
- C&A Scientific
- Carolina Biological Supply
- Edvotek
- Heidolph
- Peter Huber Kältemaschinenbau
- Humboldt
- IKA Works

Market driver

- Rapid growth of e-commerce
- For a full, detailed list, view our report

Market challenge

- High cost of equipment
- For a full, detailed list, view our report

Market trend

- Flexibility of equipment
- For a full, detailed list, view our report

Table of Contents

PART 01: Executive summary
PART 02: Scope of the report
PART 03: Research Methodology

PART 04: Introduction

Market outline

PART 05: Market landscape

- Market overview
- Five forces analysis

PART 06: Geographical segmentation

- Circulating water baths market in Americas
- Circulating water baths market in EMEA
- Circulating water baths market in APAC

PART 07: Market segmentation by end-user

- Market overview
- Chemical industry
- Microbiology laboratories
- Others

PART 08: Decision framework

PART 09: Drivers and challenges

- Market drivers
- Market challenges

PART 10: Market trends

- Flexibility of equipment
- Reduction in sample volumes
- Development of energy-efficient equipment
