[Global Vacuum Interrupters Market](#)

Description

Vacuum interrupters are electronic devices used to cut out current arc to avoid accidents and equipment damages. Vacuum interrupters are installed in switchgear, circuit breakers, load break switches, and in several other devices for interrupting and extinguishing the electric current arc. These are one of the key components in semiconductor devices.

Covered in this report

The report covers the present scenario and the growth prospects of the global vacuum interrupters market for 2017-2021. To calculate the market size, the report considers sales and value.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

The Global Vacuum Interrupters Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- ABB
- Eaton
- Meidensha
- Schneider Electric
- Siemens Energy

Other prominent vendors

- CoorsTek
- Toshiba
- Turner Electric
- Crompton Greaves
- Alstom
- Mitsubishi Electric
- General Electric

Market driver

- Growing number of data centers globally
- For a full, detailed list, view our report

Market challenge

- Saturating price decline of vacuum interrupters
- For a full, detailed list, view our report

Market trend

- Integration of renewable energy sources into power grids

Table of Contents -Major Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Technology outline
- Market outline

PART 05: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

PART 06: Market segmentation by application

- Global vacuum interrupters market by application
- Global vacuum interrupters market by contractors
- Global vacuum interrupters market by circuit breakers
- Global vacuum interrupters market by reclosers
- Global vacuum interrupters market by others

PART 07: Market segmentation by end-user

- Global vacuum interrupters market by end-user
- Global vacuum interrupters market by industrial application
- Global vacuum interrupters market by oil and gas application
- Global vacuum interrupters market by mining application
- Global vacuum interrupters market by transportation
- Global vacuum interrupters market by others

PART 08: Geographical segmentation

- Global vacuum interrupters market by geography
- Global vacuum interrupters market in APAC
- Global vacuum interrupters market in Americas
- Global vacuum interrupters market in EMEA

PART 09: Decision framework

PART 10: Drivers and challenges

- Market drivers
- Market challenges

PART 11: Market trends

- Increased number of investments and policies in smart grids
- Integration of renewable energy sources into power grids
- Increasing use of vacuum interrupters in high voltage applications

PART 12: Vendor landscape

- Competitive scenario
- Key leading vendors
- Other prominent vendors
